Club Submission

Submission Returns to the
London Club Scene
www.submissionclub.com

So where are those Resolutions? Are you behaving even more badly this year? What better time to explore some vices and check out one of the most hedonistic parties around. An indulgent blend of glitz & glamour, this destination for high style debauchery recaptures the spirit of excess.

They don't call it **'Submission'** for nothing!

Shed your inhibitions with your coat at the door; sail past the paparazzi up the sweeping staircase, where dreams can become a glittering reality.

It's a love of the decadent and feeling subversive that pulls you out to transport you from the bleakness of a London winter evening to the bright lights and atmosphere of the Grand Casino! These are the fantasy years, with music & dances, new & daring fashions, and loosening of sexual inhibitions, it's a time of hedonistic pleasure for many, where the sleek and svelte rub shoulders with the wild & the wacky & the downright debauched.

Gangsters & Goodfellas, Hit Men & High Rollers, Politicians & Porn Stars, Con-Artists, High Class Hustlers, Opera Singers & Glitzy Ritzys, Femmes Fatales, Molls, Roulette-Rudettes & Slot Slaves, Lounge Lizards, Latin Lovers, Mr Bigs & Good Time Girls, ... and **YOU** are invited to attend.

Place your bets and lace your butts, its corset cleavage vs. cashmere codpiece as Lady Valentine plays her hand with Ivor Hardon across the table—Texas Hold 'em! With so many interesting guests, there are sure to be a lot of big deals going down here tonight. **In January's "Fetish Focus" packs we've a pair of VIP tickets to give away FREE for 3 lucky winners. Did you get a winning pack?**

It's a lavish affair, with booze and music and dancing in the front. Downstairs looks like an opium den, upstairs looks like a high class and exclusive brothel. The cream of hedonistic society will be here and those who didn't come, well, they just tossed their dreams away...!

In the back the real extroverts of the club take to the stage to execute their wild and unreserved performances... Its high style debauchery, its rude & it's raunchy. Excessive, enticing, its tempting you right in! Lustful licentiousness, blatant & bawdy. Its laughter & lewdness. Flamboyant and gaudy.

The Legend Returns!

With increasingly outrageous performances, and the wild antics of the infamous "Fetish Crew", a charismatic & legendary figure returns to the **Casino of the Crime** as the number one promoter in clubland & a media celebrity. With his larger-than-life character & his decadent lifestyle, why,.. he could get away with murder!

THE LEGEND RETURNS!!
