HandJobs! Do you have a product or service you want to tell the BDSM/fetish market about?  
You've designed flyers- but how do you get them to your target customers?

It's a competitive market. Customers won't beat a path to your door – you need to be proactive and tell them all about you. The fastest, simplest, most cost-effective way is giving your flyers to a receptive audience.

What you need is HandJobs Media. HandJobs Media gives out "Baddie-Bags" to customers inside fetish clubs nationwide. Inside there's special offers/discounts, competitions, free samples, scene news, and leaflets/brochures from top fetish companies. Your sales message can be in there too! It won't be dumped on the floor – it will be taken home and read by BDSM/fetish customers who know and trust HandJobs – and actively look for their infopacks.

Flyers work.

HandJobs work harder! [www.handjobsmedia.com](http://www.handjobsmedia.com)
